RULES FOR SOLITAIRE

- 1.** Place the 32 plastic pegs in the blue circles of the board, leaving the white centre circle vacant.
- 2.** The object of the game is to remove all the pegs from the board but one, which must finish in the central white circle.
- 3.** Pieces are removed from the board one at a time by jumping one piece over another into a vacant circle immediately beyond and then removing from the board the piece jumped over.
- 4.** A move may be made in a horizontal or vertical direction only, not diagonally.
